

Early Years Workshop: 3-8 years

Child Care, Preschool, Kindergarten, Early Learning Centres and Junior Primary School

Anne Squire

Senior Education Consultant, Down Syndrome SA

**SUPPORTING STUDENTS WITH DOWN SYNDROME, INTELLECTUAL
DISABILITY, CHROMOSOMAL DISORDERS AND DEVELOPMENTAL DELAY**

2 Day workshop

Friday 17 and Friday 24 February 2017

This **2 day** workshop is intended for staff working with children in the age range 3-8 years who work in Child Care Centres, Preschools, Kindergartens, Early Learning Centres and Junior Primary schools. These workshops explore how to enrich learning experiences for all children including those who have a disability, developmental delay or those who are experiencing difficulties in learning.

This practical course will include information and hands on learning about:

- Positive behaviour support
- Characteristics and specific learning styles
- Practical teaching strategies
- Using technology – apps, scissor skills
- Developing early literacy & numeracy skills
 - Pre-reading
 - Pre-writing
 - Using the language of Maths
- Right to Know - Friendships, sexuality and personal safety
 - Who am I?

About the presenter

Anne started teaching in Junior and Middle Primary, and has been involved in including children with disabilities into South Australian pre-schools, primary and secondary schools for more than 30 years. Her roles include school Consultancy, publishing teacher resources and presenting Workshops. She has been presenting her practical approaches to supporting students with intellectual disability across all age groups, at Seminars and Conferences throughout Australia and overseas.
