WORKING WITHIN THE SQUARE: The SSO Role - Linking the Child, Curriculum, Teacher & School

SCHOOL ASSISTANT WORKSHOP
Primary School & Special Education

This workshop is suitable for SSO/School Assistants working with primary students in mainstream, special units, special classes and special schools across the 3 education sectors in South Australia. The workshop will provide School Assistants with skills and strategies to promote learning and positive behaviour in students with special learning needs, within the context of the SSO role. It is interactive with a practical focus and learning outcomes will include:

- Developing an understanding of <u>Best Practice</u> for working with students with special learning needs
- Skill building for developing participants' own practice
- Skill building for session delivery with students
- Developing and using resources to meet individual student curriculum goals
- Gaining an understanding of what can be achieved within the context of the SSO role

*<u>Participants will be provided with free resources to use with students</u>

ABOUT THE PRESENTER

Wendy has extensive experience working as a teacher in schools and as a special education coordinator. She currently works as a Special Education Consultant, assisting school staff to support students with disabilities in their classrooms and school environments. Wendy is a passionate educator who feels strongly about creating a more diverse, inclusive and caring society where every person is respected for their individuality and their unique contribution to the community.
