School

PROMOTING POSITIVE BEHAVIOUR WITH VIDEO MODELLING MAINSTREAM PRESCHOOL, JP & PRIMARY, AND SPECIAL EDUCATION SITES – ALL AGES LEADERSHIP, TEACHER & SCHOOL ASSISTANT WORKSHOP

This workshop is suitable for leadership staff, teachers and school assistants working with students with special learning needs in mainstream preschool, JP and Primary, and Special Education all ages across the 3 education sectors in South Australia. The workshop is ideal for multiple staff members from the same site to attend in order to maximise consolidation and transfer of knowledge within your staff. Leadership staff are strongly encouraged to attend, to gain an understanding of the power and simplicity of this approach to learning on a school-wide level.

****This workshop is based on using technology on an iPad (or iPhone if necessary). Please see below for technological requirements for the workshop.**

Learning outcomes:

- Ability to make Video Self Models (VSM's) and lots of opportunity to practice!
- Generation of ideas of where VSM's can be used in education
- Understanding the evidence-base behind this form of errorless learning
- Appreciation of the 40 year history of this innovative learning tool

Certificates will be provided that include reference to the Teacher Standards that apply to this workshop:

- ✓ 1.5 Differentiate teaching to meet the specific learning needs of students across the full range of abilities
- ✓ 1.6 Strategies to support full participation of students with disability

****All participants will be required to bring an iPad (or iPhone) to the workshop. Please make sure your device is fully charged. The device MUST have iMovie pre-loaded, as it is required for the workshop and there will be no access to WIFI at the venue for downloading. If you have existing footage of a current student that you would like to work on during the workshop you may bring it with you if you have appropriate approvals.**

ABOUT THE PRESENTER

Anne is the Principal of Suneden Specialist School and extremely proud to be so. She has a long career in Special Education as well as having significant experience in the university sector and educating through technology initiatives. She is passionately interested in models of best practice in education, the psychology of leadership and in public speaking. Her role as Principal at Suneden allows her to combine all three of these interests. Suneden is independent and innovative in its approach to learning, being the first school in SA to embed video modelling into its teaching, learning and school values.
