

**WORKING WITHIN THE SQUARE:
The SSO Role – Linking the Child,
Curriculum, Teacher and School**

FRIDAY 19 JULY 2019

Wendy Williams

Special Education
Consultant

& Kymberly Louise

Behavioural Scientist

Learning 4 All

**SCHOOL ASSISTANT WORKSHOP for staff in mainstream Primary
School, and Special Education all ages**

NORTHERN VENUE

This workshop is suitable for SSO/School Assistants working with primary students and special education all ages, in mainstream, special units, special classes and special schools across the 3 education sectors in South Australia. The workshop will provide School Assistants with skills and strategies to promote learning and positive behaviour in students with special learning needs, within the context of the SSO role. It is interactive with a practical focus and learning outcomes will include:

- Developing an understanding of Best Practice for working with students with special learning needs
- Skill building for developing participants' own practice
- Skill building for session delivery with students
- Developing and using resources to meet individual student curriculum goals
- Gaining an understanding of what can be achieved within the context of the SSO role

*Participants will be provided with free resources to use with students

ABOUT THE PRESENTERS

Wendy has extensive experience working as a teacher in schools and as a special education coordinator. She currently works as a Special Education Consultant, assisting school staff to support students with disabilities in their classrooms and school environments. Wendy is a passionate educator who feels strongly about creating a more diverse, inclusive and caring society where every person is respected for their individuality and their unique contribution to the community

Kymberly is a behavioural scientist with a background in special education and student wellbeing, in addition to a degree in psychology. She currently works as a professional learning consultant for educators with students with special learning needs. In the past Kymberly has worked in metropolitan and remote locations to develop programs for families and educators whose students face barriers to education. Her professional goal is to use her knowledge of psychology with her experience working in special education and wellbeing within the education sector to work with educators in their quest to improve educational engagement and success for students and members of the school community
