The Learning 4 All 2020 program has been transferred to similar dates in 2021, however to aid educators in meeting professional learning goals we are holding 3 workshops through Term 3 and 4, with Kymberly Louise presenting for all 3 workshops. Together with The Highway, we will be maintaining all social distancing requirements in place at the time of the workshop, which will include a cap on numbers and reduced seating at each table.

We would like to thank educators for all they have done this year in providing students with a safe and supporting environment with limited discontinuity to their education. We look forward to providing you with a variety of professional learning opportunities in 2021.
